PSORIASIS SPONGE

NATURAL FIBRES & PUMICE GRAINS

The nodot psoriasis sponge remove and prevent scaly skin and dry flakes. Exfoliates gently and reduce itching without causing bleeding. The sponge has a negative koebner effect (no spreading of plaque due to treatment).

HOW TO USE: Rinse sponge in warm water before use to soften the sponge. Massage the plaque areas softly and in circular motions with the domed side of the sponge. Repeat the procedure daily until the skin is free for plaque, flakes and scales

HOW TO STORE: Rinse thoroughly after use, with cleanser. Hang by the attached cotton thread in a cool, dry and well-ventilated place, out of reach of children and away from direct sunlight. Do not twist, squeeze or press the sponge too hard, in order to avoid damage to the fibres. Scald the sponge in boiling water once a week.

⚠ Do not use if you are allergic to any of the materials. For external use only. Discontinue use if irritations develops. Store out of reach of children. Discharge after 1 month use.
